REPLY TO MR. LAND.

The Inconsistency of His Position Pointed Out.

Editor of the Telegram:—I do not wish to become involved in a newspaper controversy, but as I was mentioned by name in the attack, which appeared in the Record on Saturday, upon "the action of the board of alderman in the appointment of dispensary directors," it perhaps devolves upon me to take up the defense.

The fact that "every director appointed is a dispensary man" is characterized as "clique and gang rule." Would it not have been anomalous if anything else had happened? Did anybody really expect that any man would be placed on the dispensary board who is opposed to the dispensary? Would it be wise or proper to place on the school board a man who is opposed to schools? Did the men who opposed the dispensary, who do not believe in it, who have urged that it would ruin the town, did they really expect to be allowed to say who should direct and manage it? Is there any evidence that any of the estimable gentlemen named by the opposition on Friday night would have served if they had been elected? To get down to the truth of the matter, is not the opposition playing to the galleries and making use of good men for political effect in this pretended disgust and disappointment in not being allowed to take a hand in the management of an institution to which they have showed continued and relentless hostility, and which they insist is no good and doomed to failure?

I wish to direct attention to another inconsistency no less remarkable than this spectacle of anti-dispensary men sulking and grieving because they were not allowed to name a part of the dispensary board. I refer to the resentment which the appointment of a republican on the dispensary board has met with from the anti-dispensary people The same people who a few weeks ago declared that we were ruining the democratic party are mad, yes, very mad, because this objection has been effectually met by dividing with the republicans the responsibility for the dispensary, and by making an essentially non-political measure still more non-partisan in the election of a dispensary republican to a place on the board. One of the richest sights of the times is to see some democrats working themselves up to a fury of indignation because a republican instead of a democrat has been given this soft, delectable berth, this place of exalted honor and great emolument, this rare preferment of membership on a board which a few weeks ago they were warning all good democrats to have nothing to do with. And besides the leader of the opposition at the board meeting last Friday night advocated the election of a republican as a member of the dispensary board and no objection to this was offered by any one.

There is one point in Mr. Land's article upon which we agree, and that is that "it is the duty of every democrat in Greensboro to attend the primaries and the convention." The dispensary is no longer an issue, that question has been settled; but there is a still more important question to be settled in the approaching city election more important and far reaching than any that our people have been called upon to settle. There are influences at work here, some foreign and some local, which are seeking their own aggrandizement to the exclusion of the city's welfare and whose interests cannot be promoted by municipal legislation except at the expense of the general good. There is a danger here to which we must present an unbroken front. It is the duty of every democrat at this critical time in Greensboro's progress to put aside every personal prejudice and see that no man is nominated to office who may be in any way subject to any influence which is exerted in the interest of any particular person, corporation or locality. We must not allow this issue to be clouded by any passing dis atisfaction or exaggerated grievance. We must support men who have no axe to grind and who will guard the city's interests as they would their own.

Notice to Juniors.

We are informed that the monument to be erected in High Point to the memory of the unknown Confed rates buried there, by the Jr. O. U. A. M., will arrive this week. Mr. J. L. Thacker, who has the list of those who subscribed to this fund in this city, requests that payment be made to him at once in order to meet the obligations when the monument arrives.

An All Star Aggregation.

One of the neatest lines of Oxford ties ever shown in Greensboro is now offered at Shrier's. Ordinarily it is difficult to procure a comfortable shoe under $1.50 or $2.00 as they are usually stiff and unyielding to the foot. Such is not the case with our $1.25 vici kid Oxford ties in black and colors made over the popular coin toe. These shoes are soft and flexible and guaranteed to give entire satisfaction. FARMER FEARFULLY FLOGGED

Pennsylvania White Caps On The War Path,

THE PEOPLE ARE MUCH INCENSED

And Some Of Their Own Medicine Will Be Given The White Cappers Should They Be Caught.

By Wire to THE TELEGRAM

Carry, Pa., April 17—Henry Johnson, a poor farmer living seven miles from this city, was visited by white caps last night and fearfully maltreated. His clothes were stripped off and his hands tied, after which he was tied to a tree and beaten by each white cap in turn until the skin hung in threads and he was insensible. They left him while he was yet unconscious.

The motive is said to be Johnson's disagreement with his wife. They charged him with tryihg to shoot her.

The people are much incensed at the occurrence, and if caught the white caps will be given some of their own medicine.

The latter charged the students and dispersed them and arrested several.

MISCHLIVOUS LITTLE COONS.

Took Breakes Off Standing Freight Cars Saturday Afternoon.

A crowd of six or eight little negro boys played havoc with several cars which were standing on a sidetrack near the old McMann factory Saturday afternoon and had they not been discovered in time their deviltry might have resulted fatally for passengers on the incoming train. They took the brakes off the cars and by some means started them to rolling—away from town. A dongola turned over and spilled a load of coal on the ground. Several cars ran out on the main line and stopped on a curve, so that the engineer on a train going in either direction could not have seen them until only a few yards away. Policeman Whittington has four of the negroes and thinks he can bring the whole number to justice. Damage to railway company, about $140.

The trial will not come up before tomorrow afternoon.

WASHINGTON CITY GOSSIP,

Hon. W. A Guthrie Favors Expansion Policy.

"WE MUST REACH OUT," HE SAYS

Hon. Marshall McCormack of Virginia and Maj Guthrie Talk About Politics in Their Respective States

Special to the Telegram.

Washington, April 17—Hon. William A. Guthrie, of North Carolina, is in Washington for a few days stopping at the Metropolitan Hotel. Mr. Guthrie is a well known populist of North Carolina, and in 1896 was the populist nominee for governor. An effort was made to fuse with the democrats, but was unsuccessful. Had the movement for fusion between the populists and democrats been successful at that time Guthrie instead of Russell would now be occupying the gubernatorial chair of the state, and the whole history of North Carolina during the past two years would have been changed. Mr. Guthrie is a pleasant and attractive man, and is mentioned frequently in connection with the populist nomination for governor again.

Col. Guthrie was seen at the Metropolitan Hotel the other day and he stated that he believes in the policy of expansion, and thinks that the United States is about to enter upon one of the grandest epochs of its history. "We must reach out," he says, "for the markets of the world, and strive for commercial supremacy just as other countries do. If we do not the country will lag behind in the race."

In speaking of future political events in North Carolina, the colonel was very reticent, but it is his belief that the proposed constitutional amendment limiting suffrage will be adopted by the democrats, and will become a part of the state constitution. The administration of Governor Russell, he believes, has had the effect of injuring the republican party in the state, and whatever may be the result, he thinks it will be a long time before the republican party, by its own efforts, ever succeeds to power in the state again.

Hon. Marshall McCormack, of Virginia, is in the city for a few days stopping at the Metropolitan hotel. His name is most frequently mentioned in connection with the democratic nomination for governor of the state. Among many Virginia people coming to Washington the belief is that the contest for the Virginia governorship in the next democratic state convention will be between McCormack and Hon. Claude Swanson. Either of these gentlemen would make a popular state executive and most Virginia people coming to this city believe that one or the other will succeed Governor Tyler in the executive chair.

Mr. McCormack is opposed to the conference to be held at Richmond next month for the purpose of agitating a change in the method of chosing United States senators. He says that there is no good reason at this time for the change in the method of nominating candidates for the senatorship. The movement is looked upon by most Virginia people, according to Col. McCormack as a movement to encompass the defeat of Senator Martin, but he believes that whether the proposed change is effected or not that Martin has the support of a vast majority of the people of Virginia and will succeed himself.

Mr. Harry H. Smith, former Journal clerk of the house of representatives has just returned from a lengthy visit to Florida, where he went for the benefit of his health. He says that the severe frosts of the past winter in the state of Florida, have immense injury to, if they have not destroyed permanently, the orange and pineapple crops of the state. He says that in his mind there is great doubt if oranges will ever be grown successfully in Florida again north of a line drawn from Tarpon Springs on the Gulf, to Ormond on the Atlantic coast.

Postmasters have been commissioned in North Carolina as follows: Mary A. Clarke, Dogwood and William A. Jones, Panther Creek.

Mr. F. H. Martin, a well known citizen of Durham, is in the city for a few days on personal business. While in Washington, Mr. Martin is making his headquarters at the Metropolitan Hotel, where he will remain several days before returning to his home.

Mr. Charles D. Glenn, of North Carolina, is stopping at the National Hotel for a few days.

Dr. Lyon Gardner Tyler, president of the William and Mary College, of Virginia, is in the city for a few days, being the guest of Hon. Frank Hume. The venerable man is a son of Ex-President John Tyler.

John L. Vest has been appointed a substitute letter carrier at Winston, North Carolina.

DEPLORABLE IGNORANCE

Of the Character of Southern Womanhood.

Editor Telegram:—The man who wrote the article in "Charity and Children," and the one who copied it in the Daily Record of April 15th, show deplorable ignorance of the southern woman's character and must certainly have had small intercourse with them. If these same individuals will take the trouble to inform themselves on the subject, they will find that with few exceptions "The Daughters of the Confederacy" is composed of women whose own fathers, brothers or husbands are "the crippled veterans" in question, hence it would be rather superfluous to spend our time and means for what is ours by inheritance—the "social prominence" these gentlemen speak of—tho' this puts it in a light that had not occurred to us. The memory of "The Lost Cause" is and ever will be like a holy religion to us. Some southern men may forget or ignore it—but southern women —never.

One of the Daughters.

We are glad to state that on last Friday afternoon a chapter of the United Daughters of the Confederacy was organized among the ladies here with twenty-six members and about a dozen names have been sent in since. Though Greensboro has been behind her sister towns in starting this movement, the ladies pledge themselves now to rally to the cause and make up for the time lost.

Around The Depot.

The lumber for the platform at the new depot has been delivered and work on the platform will begin as soon as the old transfer shed can be removed. The platform will extend from the west end of the depot almost, if not quite, to Ashe street so that passengers getting off the rear cars of a train will have a smooth path. There will be no shed however.

The tracks running by the station and across South Elm street, will be raised several inches. What work the city will do on the street is not known, but, in justice to the Southern, some good and lasting work will no doubt be done and the mud, so miserable in wet weather, done away with.

Wednesday Game at Guilford.

We are requested to call attention to the fact that the big game between Oak Ridge and Guilford is to be played at Guilford College next Wednesday afternoon. We understand that the game is to be called promptly at three o'clock. Quite a good deal of excitement seems to be shown over this game and it will likely be exciting. No doubt Guilford will stick to its colors on its home grounds and a closely contested game will be the result. Admission 25c.

A Short Scrap.

Two negro men had an altercation at the court house Saturday night. One addressed the other in language more emphatic than elegant, where upon the person addressed returned the compliment by breaking a stick over the unyielding skull of the aggressor. Then they clinched but were soon seperated, each going his own way and leaving behind him the customary trail of brimstone and sulphur.

Get a pair for the little folks. You can buy infant's Dongola, Tan and Patent Leather sandal slippers for 40, 50, 65 and 75 cents a pair at Thacker & Brockmann's. Larger sizes for children and misses in the same proportion. We make a specialty of children's and infants shoe and carry the largest assortment in the city.

"SIGNIFICANT."

Mr. W. R. Land, writing in the Daily Record, last Saturday, of the action of the board of aldermen in the election of dispensary directors, complains of the fact that "every director appointed is a dispensary man." Mr. Land terms this "partizan action," "clique and gang rule," etc. He further says:

"It is this self-same dispensary element, who are emphasizing the democratic character of the city primaries and convention soon to meet, when doubtless they hope to exercise the same exclusive control in making nominations for Aldermen and Mayor as marked the electi n of the dispensary directors.

" * * * It is the duty of every democrat in Greensboro to attend these primaries and the convention, and see that none but democrats are put on guard and that they are conservative, broad-minded business men."

As to the first complaint, we would like to enquire why all dispensary directors should not be dispensary men? Would you select a republican to run for office on a democratic ticket to enforce and uphold democratic principles? Would it be good business to select a man to do a work which he opposes and which is distasteful to him? Would Mr. Land fight for a principle, gain it, and then deliberately turn it over to the enemy from whom it was won? Is that the standard by which he measures the people who stood up and squarely fought for the establishment of a dispensary for Greensboro? Is it not as important, aye, more important, to see that a law is conscientiously enforced as it is to pass that law? If anti-dispensary men believed the movement to be wrong before the law was enacted, how can they believe it is right now? Was the principle of the thing changed just because the "cranks" succeeded in its enactment into law?

We have no criticism to make of the business ability, character or honesty of pupose of any man who was mentioned by the anti-dispensary advocates; but we submit that the best means of making a success of any enterprise is in the employment of men to direct it who believe sincerely in the principles upon which it is founded. That point will hardly be controverted, even by a man whose principles can change with the moon. The handful of men who composed the first dispensary meeting will remember the presence and interest manifested by Mr. W. R. Land. He made a speech endorsing the movement, setting forth the advantages of the dispensary over the open barroom system. He warmly eudorsed the dispensary as a means of controlling and dealing with the whiskey problem, and the only point he was in doubt about was as to how it should be established, whether by legislative enactment or direct vote of the people, rather inclining to the latter. He finally went over to the enemy, "horse, foot and dragoon" because the white people proposed to settle that question for themselves!

According to his reasoning in the dispensary matter we may infer that he wants the doors of the democratic primaries opened to men of all parties and colors! He urges "every democrat" to attend the primaries and convention and see that none but conservative, broad-minded men are chosen. If the white men of Greensboro are not "conservative" enough to pass upon the advisability of having a dispensary (and the democrats are white men) why does Mr. Land not propose to admit colored men to the primaries and convention in order that "conservative and broad-minded" men may be chosen to grapple with and adjust the great problems so vitally affecting the future of the city which will devolve upon the next board of aldermen? We are being treated to a new and a strange sort of conservatism.

The dispensary fight has been won. It is not an issue in the present campaign. It has been turned over by the people into the hands of men who believe in its principles. There is another problem, infinitely greater from a material standpoint, with which the people have to deal now. It is to the proposed bond issue for city improvement that attention must be directed, in spite of all efforts to divert the minds of the people therefrom by re-opening matters that are settled.

The battle-scarred Raleigh, safe from the "jaws of death and the gates of hell," arrived at New York yesterday, and was given a royal welcome.

Beats The Klonkike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemmorhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottle free at C. E. Holton's drug store. Regular size 50 cts. and $1.00. Guaranteed to cure or price refunded.

AT THE BAPTIST CHURCH.

Mr. Love Preached Three Powerful Sermons Yesterday.

Large congregations greeted Mr. Love at all the services at the Baptist church yesterday. Last night chairs had to be used to seat the congregation. Seldom are three such discourses heard from the same pulpit by the same man in one day. In the morning "Regeneration" was the subject and at night "Faith." In the afternoon "The Discovery of a Man" was the theme upon which he spoke. Most earnestly did he enforce the truth that the great life work of the Christian is to discover men and bring them to Jesus.

Mr. Love is a doctrinal preacher. We do not mean by that the distinctive doctrines of his denomination, but the great doctrines of grace. "Original Sin," "God's Sovereign Grace," "The Atonement," "Regeneration," "Repentance," "Faith" are some of the subjects on which he has preached. With great clearness and force these old doctrines have been presented. The large and increasing congregations, the earnest attention given the preacher and the numbers that have been led to Christ all show that the gospel hasn't lost its power and that it isn't necessary to resort to sensational preaching in order to "draw" men. Mr. Love will continue this work, preaching at 4 and 8 p. m. Such preaching as he is doing must be a blessing to any community.

If you suffer from tenderness or fullness on the right side, pains under shoulder-blade, constipation, biliousness, sick-headache, and feel dull, heavy and sleepy, your liver is torpid and congested. DeWitt's Little Early Risers will cure you promptly, pleasantly and permanently by removing the congestion and causing the bile ducts to open and flow naturally. They are good pills. Howard Gardner.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W.M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. Quick Disinfection.
Washington, April 15—Surgeon Gener l Weyman, of the Marine Hospital Corps, has received a report from Passed Assistant Surgeon Cobb, attached to the quarantine station at Savannah, describing succinctly the operation of disinfecting the troops now coming in from Cuba and Porto Rico. He shows that the service is now so thoroughly systematized as to permit of the safe landing of a regiment of men in four hours after the steamer enters the harbor and the complete disinfection of their baggage.

Sharks Fear Noise.
The cowardliness of sharks is well known among men who have been much to sea in southern waters infested by man eaters. The fiercest shark will get out of the sea way in a very great hurry if the swimmer, noticing its approach, sets up a noisy splashing. A shark is in deadly fear of any sort of living thing that splashes in the water.
Among the south sea islands the natives never go sea bathing alone, but always in parties of half a dozen or so in order that they may make the greatest hubbub in the water, and thus scare the sharks away. Once in awhile a too venturesome swimmer among these natives foolishly detaches himself from his swimming party and momentarily forgets to keep up his splashing. Then there is a swish, and the man eater comes up beneath him like a flash and gobbles him.

The Sermon.
The caustic remarks of Justice Hawkins have not always been confined to the bench. At the opening of an assize the chaplain preached what he conceived to be a distinctly good sermon, and he had the temerity to sound Mr. Justice Hawkins on the subject.
"Did you approve of my sermon, my lord?" he asked.
"I remarked in your sermon, Mr. Chaplain," was the prompt reply, "two things which, to be candid, I did not approve of, and which I have, I am glad to say, never remarked on a similar occasion."
"They were, my lord?" was the anxious question of the preacher.
"The striking of the clock," answered Mr. Justice Hawkins, "twice, sir."—Green Bag.

Libels on Dogs.
After all man does not remember the dog's good qualities as he should. Look at the similes he uses—"you lying hound," "mean as a hound dog," "dog" and "low down cur!" Man hardly can think of a lower name than one connected with dogs. And in horse racing the worthless ones are called "dogs."
It seems a little ungrateful when one remembers all that a dog will bear from a man and still love him.—New York Commercial Advertiser.

She Was Deliberate.
It is said that Dinah Muloch Craik, the famous author of "John Halifax, Gentleman," made a habit of leaving at her bank the manuscript of each of her stories as soon as it was completed. It would remain there perhaps six months and then she would call for it and see how the story affected her after that lapse of time. If it pleased her, the manuscript was sent to the publisher. Otherwise it was rewritten or thrown away.

Results Fatally in Nine Cases Out of Ten—A Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

MRS. S. M. IDOL.

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction, though many years have elapsed. S. S. S. is the only cure for Cancer.—MRS. S. M. IDOL, Winston, N. C.

Our book on Cancer, containing other testimonials and valuable information, will be sent free to any address by the Swift Specific Company, Atlanta, Georgia.

Harry & Belk Brothers' Key to the Situation

Is This; One might as well try to lift themselves in a basket as to try to undersell us. Cheapest Store on Earth is the combination that unlocks the pocketbooks of the masses. Cash has been and is still the axle grease of our business. With it we scoop in panic merchants and manufacturers of their entire stocks, often at less than the cost of making. This is the reason we are always throwing on the market Shoes, Clothing, Dry Goods, Gent's Furnishings, Hats and Notions, etc., at such astonishing low prices. Rushed with business you see from a whirlwind of bargains that is constantly being driven in all the time. Listen: Silks 15c up; $1 quality 50c; checked dimities 2½c; good calico 2½c; ginghams 2½c; checks 5c; plain lawns 2½c; 3 pair 1 dies hose 5c; ladies shirt waists 18c up; yard wide organdie 5c; good quality colored organdie 7½c, cheap at 10c; white laundered shirts 25c; work shirts 10c; men's socks, good quality 5c; pants 25c; ladies button shoes 35c; 21 yards Barker bleaching, $1. The Jonesboro High school wants the orchestra at the commencement, June 8th. Elon College is also trying to engage the orchestra from June 6th to 9th. As will be seen from the dates, both these engagements could not be filled anyway, and as Proffessor Brockmann expects to leave Greenshoro soon, no dates are being arranged. It is almost certain however that the orchestra will be reorganized after his departure.

Every day the growing crowd gives evidence of their appreciation of our new idea of progressive merchandising and we find a most pleasing result from our new method. Instead of figuring how to make the largest profits, we find better results from figuring how to use greater purchases, and day by day our business increases, because in creating the outlet we are enabled to dispose of larger quantities—and in many instances the manufacturer's entire stock in a few days' time. We don't mean by this that we can give you one dollar's worth of goods for five cents, but we do mean that we often buy such stocks at a great sacrifice and we give our customers the benefit. The manufacturers come to us because they know that no quantity is too large and no quality too fine for us to handle,

Every table will be laden with bright new bargains in desirable white goods, wash goods, dress goods, silks, ribbons, laces, embroideries, etc., etc., for this week's sale.

Our lines for Spring are now complete and only await the prestige of your approval.

Every new idea in quality and finish, ease and comfort, grace of style and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to conduct our business, we are enabled to sell our goods 25 per cent cheaper than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is a very important one. We feel if you call on us, we can answer the question to your entire satisfaction, and make a lasting impression besides.
